

OUR GROWING BRIGADE

AUGUST 2023

SDUSD JOINT BRIGADE

WHAT IS JROTC ?

JROTC is a youth-led high school program in which students can develop their skills in leadership and character. While in the program, JROTC promotes cadet education by introducing real-life situations, such as the SDUSD Joint Brigade's Annual Food Drive, as well as increasing students' awareness of their rights as citizens in our country. Within the program, there are plenty of opportunities to organize events with your peers and gain community service hours for job and college applications.

The instructors teach students a variety of essential skills required for adulthood and high school, including ways to excel in courses by presenting studying and test-taking tactics. Students also have the opportunity to master strategic planning and what it takes to be a reliable leader among your peers and the people you meet. JROTC, an acronym for Junior Reserves Officer Training Corps, is a military-based program. However, enlistment in the military is not mandatory when joining our program! When you join JROTC, you join as a leader in the making.

MASTER...

- STEM
- Archery
- Finances
- Self-Defense
- Cyber Security
- CPR & First Aid
- Physical Fitness & Health
- Precision & Attention to Detail
